2022 PROGRAM REPORT

INVESTING IN CANADA'S YOUNG LEADERS & INNOVATORS

Established in 2015, the CMHF Award is creating a national community of emerging leaders and innovators committed to improving health. One student in each of Canada's 17 medical schools receives a \$5000 cash award and opportunity to attend the CMHF Induction Ceremony. Award recipients submit a 1,000-word essay describing why they should be considered for the award and which CMHF Laureate inspires them most.

BUILDING COMMUNITY & STRENGTHENING IMPACT

We celebrate the achievements of the giants of health care in Canada to fuel our pride, but also to inspire the next generation of health leaders.

Through the CMHF Award we aim to:

- Call out the leaders among students
- Facilitate collaboration and mentorship so that they may also achieve significant impact in their own careers
- Challenge them to "think like a Laureate"
- Promote networking opportunities for shared support to foster a growing community of Canadian talent committed to improved care and health outcomes

FACILITATING CONNECTIONS & INSPIRATION

- Recipients 'in the news' featured in quarterly
- CMHF e-blasts
- CMHF Award recipients engaged with our 2022 Discovery Days in Health Sciences youth program across Canada as listed below. Up to 14 Discovery Days in Health Sciences events are held annually where science-minded high school students explore career options in the health sciences.
- The program was delivered both virtually and in-person, depending on location in 2022.

*"One hundred years ago, pioneers like CMHF laureate **Dr. Elizabeth Bagshaw** fought for women's place in society and in medicine. Oftentimes in direct defiance of dogma and the law, she advocated for gender equality and provided family planning services. In my future practice, I hope to emulate her bravery in advocating for trans equality and revolutionizing gender affirming care practices."*

*"To be awarded by the same organization that has recognized incredible Canadians such as **Dr. Salim Yusuf, Dr. Charles Best, Dr. Frederick Banting, Terry Fox, Dr. Wilfred Bigelow, and Dr. Wilder Penfield** would be the greatest honour of my life. I will strive to use this opportunity to follow the example of the giants on whose shoulders I stand on and hope to positively impact the lives of millions around the globe. "*

*"**Dr. Bette Stephenson's** success is inspiring – it reminds me that I, too, have the potential for breaking glass ceilings for the marginalized individuals entering medical education behind me."*

KEYNOTE SPEAKERS

Kay Wu (2021) McMaster University
"Art + Technology + Medicine = ??"

Priatharsini Sivananthajothy (2022)
University of Calgary
"Failure, Choices and Perseverance: How
Ms. Frizzle, Dumbledore and my high
school physics teacher taught me life's
most important lessons"

Andrew Robart (2021)
Memorial University of Newfoundland
"Show Yourself" and Panelist representing
Undergraduate Medicine/ Biomedical
Engineering

Anchaleena Mandal (2021)
Queen's University
"Life Is A Puzzle: My Journey to Medical
School" and workshop facilitator of "How
To Become A Doctor 101"

WORKSHOP FACILITATORS

Braydon Connell (2017) Dalhousie University
"Localize the Lesion"
Moderator of 'Health Pro's Tell-All' Panel
Discussion

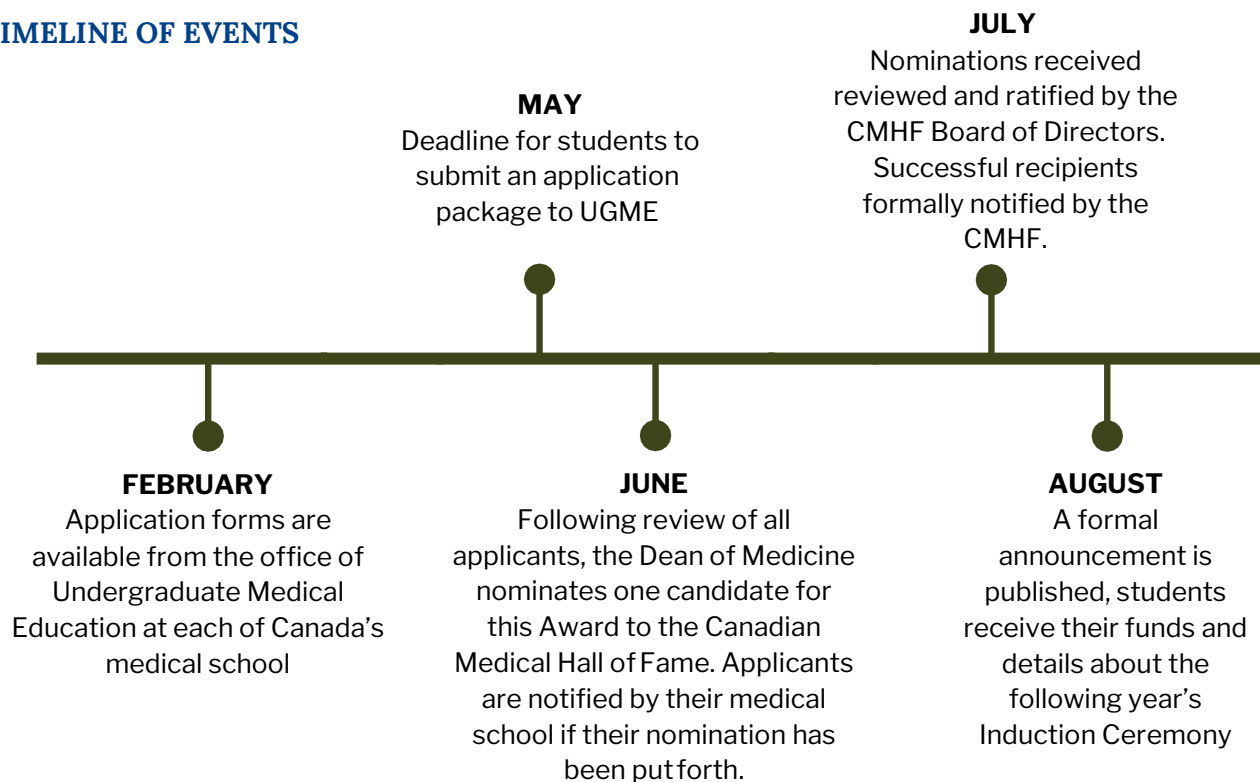

Dorothy Yu (2016) University of Manitoba
"What's Psychiatry All About?"

Bojana Radan (2020) Western University
"So You Wanna go to Med School?"

PANELLISTS

Molly Whalen-Browne (2015)
DDN: Central Canada
Panelist representing Family Medicine

TIMELINE OF EVENTS
