WORKSHOPS

ACCESS CODE	TITLE	DESCRIPTION	PRESENTER(S)
A01	<i>Physiotherapy: Mapping out your career as a PT</i>	Participants will interact with a physiotherapist and physiotherapy students. They will learn what the profession of Physiotherapy entails and will be introduced to the process of becoming a physiotherapist. Question and answer period will follow.	Brock Chisholm Emma Peters Jamie Trusler (Rehabilitation Sciences, NOSM University)
A02	<i>Choose your own adventure: The many pathways to medicine</i>	In this workshop, we'll get into finding what fuels you and figuring out how to navigate being a student and making decisions like "What do I want to do after graduation?". This workshop discusses the many different paths to medicine and what to consider in high school and university to set you up for success, followed by a brief outline of the steps involved to get into medical school, the layout of medical school curricula, a day in the life of a medical student, and the vast opportunities available in the field of Medicine.	Brandon Grandinetti Taylor Murie (NOSM University)
A03	<i>Let's Get Psychosocial!</i>	This workshop will highlight health professions in the psychosocial field and will offer breakout rooms for students to explore each profession in greater detail. Psychosocial health professions covered will include Bioethics, Social Work, and Spiritual Care.	Mark Donylyk Lisa Laitinen-Egbuchulam Katherine Stewart (Thunder Bay Regional Health Sciences Centre)
A04	<i>Diagnostic Health Professions</i>	Ever wonder how people get diagnosed with illnesses? Join us as we explore the exciting world of laboratory medicine and medical radiation sciences!	Georgina Carr Sandra Wilson (Thunder Bay Regional Health Sciences Centre)
A05	<i>Many Faces of Health Care</i>	In this interactive session you will have the opportunity to learn more about pharmacy, orthopaedic technology, and speech-language pathology. How do these professions contribute to our health care system and serve the needs of patients? What is the path to a career in one of these fields? Join us as we talk you through our walk!	Melinda Bai Emily Bernie Larry Bortoldo, Catherine DeGiacomo Erika Granholm Jamie Shaughnessy (Thunder Bay Regional Health Sciences Centre)
