8:15 AM - 3:30 PM

### EXPLORE A CAREER IN THE HEALTH SCIENCES!

Are you...

- a student in grade 10, 11 or 12 who likes the sciences?
- interested in learning more about career options in medicine and the health sciences?
- looking for an opportunity to interact with researchers, clinicians and educators in their work settings?

This event may be for you!

The day includes a dynamic keynote lecture, two interactive workshops and a Career Panel Q&A.

*The Canadian Medical Hall of Fame is committed to fostering inclusion and supporting the leadership efforts at Canadian universities to change the diversity pathway to medicine and the health sciences.*

*We encourage students who self-identify as Indigenous, Black or a Person of Colour, or who come from a rural or known disadvantaged socioeconomic background to attend this event.*

### LEARN MORE

*I absolutely loved my experience at Discovery Day! I learned so many great things and got more information that will help me achieve my goal of being an MD! It highly exceeded my expectation, and I will hopefully be able to come back next year!* - Discovery Day Participant
